This residence is move-in ready! This custom-built home features 4 Bedrooms and 3 Bathrooms and is only two years old, situated on an oversized corner lot in the Stone Hill Subdivision. Upon entering the foyer, one immediately notices the meticulous attention to detail. The gourmet kitchen is equipped with custom cabinetry, granite countertops, an expansive island with a breakfast bar, a 5 burner gas stove, and a corner walk-in pantry. The foyer, dining area, kitchen, and breakfast nook are seamlessly connected, facilitating effortless entertaining. The living room is highlighted by a central fireplace, adorned with a stone wall and a Cypress beam mantle, complemented by built-ins on either side. A wall of windows offers a view of the generously sized rear yard, which features an outdoor kitchen. The master suite serves as a personal retreat, complete with an en suite bathroom that radiates tranquility, featuring double vanities, a freestanding soaking tub, an exquisite custom-built shower, and a spacious walk-in closet. The additional bedrooms are generously proportioned and include ample closet space. The upgraded wood flooring throughout the home is sure to impress. The walk-through laundry room provides convenient access for gathering laundry from all bedrooms. The property has not experienced flooding and does not require flood
