This is a beautiful home in a neighborhood where you get to escape the city life and feel like you're on vacation every day! When purchased in 2023, the current owners upgraded majority of the home. It's 4 bedrooms, 2.5 baths, and has a sunroom attached to the master bedroom. The master bath is completely new, updated guest bathroom, all brand new kitchen appliances, brand new windows throughout the home, recently replaced roof, opened up the area between the living room and dining/kitchen, built a brand new bar and plenty of additional renovations to where the next homeowner is ready to walk right in to this farmhouse inspired house. The backyard lets you forget where you live as you watch the blue herons and cranes hunt for food, geese raise their babies and people kayaking and fishing in the lake. There's a smaller area in the backyard that's fenced in for an animal and then a deck built right on the lake to enjoy your coffee. The neighborhood is great for walking and biking with hidden trails around the lakes.
