Welcome to Miraval Subdivision, one of Zachary's best-kept secrets, where quiet streets, community charm, and everyday convenience come together. Tucked inside this inviting neighborhood, you'll find a home that feels just right from the moment you walk in. With over 2,200 square feet of space, this thoughtfully designed home offers an open-concept layout that makes everyday living and entertaining easy. The kitchen is the heart of it all, featuring a large island that looks into the living room and frames the view of the backyard. You'll love the 3CM granite countertops, classic subway tile backsplash, under-mount sink, gas range, and walk-in pantry. Durable luxury plank floors run through the main spaces, adding warmth and style. Downstairs, two spacious bedrooms offer comfort and flexibility, including a private primary suite with a spa-like bath complete with a soaking tub, separate shower, double granite vanities, and a walk-in closet. Upstairs, two more bedrooms and a cozy loft area create the perfect spot for movie nights, a playroom, or a quiet place to unwind. Outside, the large fenced yard is ready for kids, pets, or weekend gatherings. And the two-car garage adds the finishing touch. All this in a neighborhood that offers a community pool, playground, and pavilion making it feel less like a subdivision and more like a place to belong.
