This is a cute home located in the heart of Walker, but with a country feel to it that sits on 2 acres. It's conveniently located just miles off I-12, near all schools from K-12, grocery stores and shopping centers are also just a few minutes away. The home has received a full makeover as this was the current owner's project to redo a home. It's a three bedroom, 1.5 bath home with loads of curb appeal. The backyard is an oasis with a pavilion, huge shop, outdoor kitchen, swings around a fire and even a small church to head inside and sit on the pew on a Sunday morning. The roof is only four years old.
