Beautiful Victorian on picturesque acreage. This 5 bedroom home sits on a very quiet one street subdivision and has abundant wildlife roaming while sitting on your veranda overlooking the front yard and pond. This cozy setting will bring you outdoors sipping on your coffee or cocoa while strolling through your open space. Only a few minutes drive to Zachary makes it convenient yet pleasurable. The living area offers a cast iron decorative working fireplace and is open to the kitchen and breakfast nook and formal dining area. The upstairs has 4 more bedrooms and a full bath so if you need an Office space/Recreation/Bonus area there is room for everything, especially in the larger room that is 12 x 22. Even a little look out loft and an extra sitting area is available upstairs. Come enjoy and make this your own quaint space for you and your family. And for all your outdoor equipment or even a boat or RV, the massive barn is 30 x 60 and also a cute garden shed to match the home. This place would be beautiful decorated for the holidays.
