This is a unique - one of a kind property! It was imagined, designed & built for hosting others, and overwhelming anyone who steps foot on the grounds with the beauty of rural West Feliciana Parish. It consists of 13.643 picturesque acres, located on what was previously Imahara's Botanical Gardens, and a house that is a castle for entertaining, with commanding views of beautiful manicured gardens, multiple ponds & fountains, and rolling hills that surround it like a moat. This home was custom built in 2020, and no expense was spared. It has always been a second home; it is in like-new condition, and it is move-in ready. The home has been featured on the Christmas in the Country Tour of Homes. Though surrounded by beautiful countryside, this property is only a short golf cart ride to all the happenings of historic downtown St. Francisville.
