Great New Listing! This is an adorable home in a fantastic neighborhood! 3 bedrooms, 2 full baths, and a great floor plan that makes the space feel larger than the square footage noted. Nice landscaping, and a paved walkway will lead you up to the front door and lovely front porch. Inside you will be greeted by a cozy living room, fireplace, built-ins, wood floors, great colors, and a very well kept home. The dining area and kitchen are very spacious, offering plenty of counter space and room for bar stools, along with your table & chairs. The kitchen cabinets have been 'antiqued' and offer a little something extra to the room. There is plenty of space for parking with a long driveway and double rear carport. The yard has been fenced in, accented by a wrought iron gate across the drive. This is truly a wonderful home, especially for the price so make your appointment today!
