**4 Bedrooms | 3 Bathrooms | 2,436 Sqft**

There's more than you expect in this 4 bedroom 3 bath home with over 2300 sqft of living. Be surprised by the size of the master suite that includes a glass walled walk-in shower, double vanity, walk-in closet and a full attached sitting room. Attached to the sitting room in a computer nook that is wired for everything. (As are most all of the rooms) Enjoy both a dining room & a breakfast area. Enjoy both a living room and a den. There is enough room to make this home very livable. The floor plan is split with the Master to the rear and the other 3 bedrooms to the other side of the house. Bedrooms 2 & 3 share the hall bath and bedroom 4 has its own bath with tile shower. Don't miss the huge screened in back porch & fenced backyard. Note the metal doors with insulated windows, the tile & wood laminate floors, & the size of the utility room. This home needs some TLC but is a great value if you need lots of space on a nice street just off of Goodwood. Click the photo for photo tour.
