WHAT AN AWESOME FIND!! Don't let the DS address fool you; this home is located DIRECTLY behind Live Oak H/S in the Watson area. And what an awesome house it is!!! Let's start with the lot that is larger than a half acre. Then we have a triple garage, with the 3rd bay being completely separated and heated and cooled. Can you say Man Cave? How about an outside office? There is beautiful landscaping in the front and back yards. There is a privacy fence enclosing the backyard that has a covered patio area and a deck to boot. Now let's go inside. Enter the front door and immediately be impressed by high ceilings and the hardwood floors in the foyer and dining room. The dining room has a Tiffany light fixture, columns and an arched cut-out for a china cabinet. Go in the den and be impressed with the wall of windows, the stacked crown molding, the ceiling fan, the new carpet and the see-through fireplace. Still looking for more? OK, step into the keeping room from the den. Here you find handcast brick pavers on the floors, built-in storage and the other side of the see-through fireplace. Your eye will be drawn to the Tiffany ceiling fan as well as to the Tiffany fixture hanging from an octagon ceiling in the breakfast nook. The kitchen has loads of counterspace and storage. The pantry is extra large and the laundry room is located behind the kitchen. Let's move
