Location! Location! Location! This home is close to everything including shopping at Towne Center, the interstate and much more. This is a custom built home with many nice features. Beautiful wood floors in the living room, hall and master bedroom. The Kitchen was updated in 2008 with granite tile countertops and stainless appliances. It also has very nice ceramic tile floors. Both bathrooms have ceramic tile tub surrounds with a decorative element. Very nice framed mirrors in both baths along with new light fixtures. All of the exterior doors have been replaced. The 4th bedroom is upstairs and would also function very nicely as an office, playroom or exercise area. Tons of closet space and storage throughout the home. Very large fenced backyard with a storage building that will remain. Inviting back patio area great for grilling!
