Home has just been repainted on inside and is ready for you to move in! Floor plan takes advantage of the spectacular views of lakes and golf course (14th hole and tee box isn't a problem here!). Dream kitchen features beautiful 3 cm granite countertops, custom cabinetry, large island and top of the line stainless appliances and double wall oven. Butler's pantry has built in icemaker and lots of display cabinetry and counter space for entertaining. Enjoy the beautiful views from wall of windows, yet because of location off golf course and lake, it is still private. Dining and living area has beautiful warm old heart of pine floors and ceilings are 11' with gorgeous triple crown molding. Master suite is spacious and has beautiful views of lakes and golf course. Spa-like master bath features a huge whirlpool and separate special shower. 2nd bedroom down stairs has private bath and has great storage. Beautiful heart of pine and wrought iron staircase lead to large playroom/media room/game room and huge closet for storage. 2 more generous bedrooms and bath are upstairs. Property does include portion of lake, so if you wanted to build a deck over the lake you can! Plenty of room for pool and play equipment. Seller will consider a lease purchase.
