4 Bedrooms | 4 Bathrooms | 5,368 Sqft

Beautiful French style home designed to have an open floor plan and built to entertain. Winner of the 2008 Overall Home Design Award by House and Home Magazine. Kitchen and Master Bath also won separate House and Home awards for their design and function. This home designed by John J "Ike" Capdevielle II is a truly unique and functional design. Construction of the home mixes the use of new and old recycled materials. Home features numerous old pine beams and antique brick finishes. Unique floors throughout the home are a combination of heart pine wood and stone tiles. The open floor plan features 4 Bedrooms and 4.5 Baths plus a large study with over 5300 square feet of living. The large Keeping room features massive old pine beams and masonry fireplace with separate cooking fireplace. The kitchen also features massive old pine beams, Maple cabinets with granite slab and tons of storage, and Dacor Stainless Steel Appliances. Den features a large masonry fireplace with an enormous plaster mantle. Butler's Pass features lots of storage with a wet bar, ice maker, and wine cooler. Butler's Pass also features a huge wine cellar nearby. Study features Maple gun cabinets with glass fronts and built-in credenza and bookcases. The large Master Suite and Bath features a huge marble shower, whirlpool tub, his and her vanities with marble slab,
