4 Bedrooms | 3 Bathrooms | 2,362 Sqft

Here, in Eagles Park Estates, 1 acre estate sized lots were not an afterthought-they were the foundation of our Vision. By giving you more land, we're giving you more of life's best moments. Built by our family for families-We've poured our hearts and countless hours into every detail of these floorplans, working closely with our architect imagining ourselves in every room to ensure each space serves a purpose. Inside each home, you'll find layouts that reflect the rhythm of real life. Ranging from 2000 to 2,550 of living area, our plans offer four bedrooms and two to three-and-a-half baths, with smart flex spaces ideal for your home office, fitness zone, or pet suite. From oversized bedrooms and walk-in pantries and closets to convenient laundry room access and expanded storage inside and out. Every feature is thoughtfully designed to give you More Space to Live. We've included options for carports, enclosed garages, and even workshops, because we know that families aren't one-size-fits-all, and neither are the homes they need. Beyond square footage and style, we made practical choices that enhance daily living. Say goodbye to slow electric heat with Gas furnaces and gas water heaters that come standard in every home not as upgrades, but as essentials. Eagles Park Estates preserves a way of living that's getting harder to find Because
