Beautifully maintained brick home with standout curb appeal and thoughtful upgrades throughout. Manicured landscaping with crisp edging, mature hedges, and a custom wood front door set the tone the moment you arrive. The roof and gutters were replaced in 2022 and storm shutters installed in 2025 for added peace of mind. A subsurface drainage system, covered patio, open concrete patio, and a detached wood gazebo create a backyard designed for both relaxation and entertaining. Inside, the open floor plan features hardwood floors, crown molding, and extensive custom woodwork. The kitchen overlooks the living area and offers white cabinetry, stainless steel appliances, a gas cooktop, breakfast bar, and a walk-in pantry with shelving. A convenient half bath leads to a versatile craft room or oversized storage space. The primary suite provides backyard access and includes dual vanities and a makeup counter. The hall bath also features dual sinks and a towel pantry. A laundry nook is located in the hallway for everyday convenience. Upstairs offers one bedroom with walk-in attic access and central heat and air. A light-filled sunroom off the kitchen is a true highlight -perfect for morning coffee, quiet reading, or relaxed afternoons. The layout allows easy access from both the driveway and backyard, making it ideal for entertaining.
