This 18 Acres has endless possibilities! You could put a hotel, a subdivision, an entertainment venue, offices, etc. This land has been in this family for many decades and was used as a Grist Mill, for those of you with historical memories of the area. The equipment has all been removed to another location, but the old building remains. The owners will remove it as soon as we get an Offer. There are some older cars in the front where one of the owner's sons has a restoration business. Those will be moved also upon acceptable offer. There's no damage to the land itself, easy fix. Try to imagine this beautiful land without those! It is lovely with some hardwood trees and a small pond in about the middle of the acreage, toward the east side. That could be enlarged & converted to a beautiful development feature
