4 Bedrooms | 2 Bathrooms | 2,005 Sqft

Nestled along an oak-lined street, 601 Broadmoor Ave is a beautifully remodeled 4-bedroom, 2-bath home that blends charm with modern updates. This place features a kitchen with custom white shaker cabinetry, granite countertops, and stainless-steel appliances, opening seamlessly to the formal dining room highlighted by stunning brick flooring. All of which was completely redone in 2023. A spacious living room located at the rear of the home is perfect for entertaining, game days, or cozy evenings by the wood-burning fireplace. Four generously sized bedrooms provide ample space for a growing family, with the primary suite offering a private en-suite bath. Major updates all done in 2023 include a new architectural shingle roof and brand-new double-insulated Window World windows. Step outside to the backyard where you'll find an impressive two-story, 576 sq ft workshop; ideal for storage, a man cave, she-shed, or even conversion into a mother-in-law suite.
