Time to stop the scrolling and start scheduling a tour of your new spot on Market Place Dr. in Bullion Crossing. Great curb appeal with fresh landscaping and a cozy front porch. Walking in you'll love the open floor plan living, dining, and kitchen. Your living has lots of natural light contrasting well with the wood floors. Tall ceilings help the space feel bigger and leads well to your kitchen with granite counters, large island, ample cabinet space, and stainless appliances. All bedrooms are down the hall and are spacious with ample storage. Your primary bedroom is at the end for extra seclusion. The primary has two windows and flows into your large primary bath with two sinks, soaking tub, separate shower, and huge walk-in closet. Out back is a covered patio overlooking your backyard green space. Such a great neighborhood right off of Airline which is a convenient commute to Baton Rouge. So like I said, stop scrolling and start scheduling.
