This beautifully maintained home showcases manicured landscaping, a wrought-iron fenced courtyard, and a covered patio perfect for relaxing or entertaining. Originally designed as a three-bedroom, it now offers a spacious two-bedroom layout with an open-concept floor plan and no carpet throughout. The updated kitchen features stainless steel appliances, a tile backsplash, and ceramic flooring, seamlessly connecting to the keeping area and formal dining space accented by a gas log fireplace. A light-filled den with LVP wood flooring and a second gas log fireplace provides generous additional living space. Both bedrooms include double closets. The primary suite offers an updated half bath, while the full bath is appointed with attractive tile flooring and a tiled tub surround. A recently replaced HVAC system adds peace of mind and energy efficiency. A storage building remains, and the large fenced backyard includes a wrought-iron gate with convenient carport access.
