This acre was the homesite of an older home that was recently torn down, and cleaned off, the lot is long (634 feet deep), just right for a home at front with part of a chain length fence still there and the land goes back beyond the fence, an area for garden or large animals, it has large trees, some flowering trees in the yard area. It is high and dry. Community water is available, and electricity is there. Come check this out. Perfect country living.
