Step into a true Baton Rouge classic with this charming 1922 cottage that beautifully blends historic character with thoughtful modern updates. Offering 3 bedrooms, 2 bathrooms, and 1,522 square feet of living space, this home captures the timeless appeal of old Baton Rouge complete with tall ceilings, gleaming original wood floors, abundant natural light, and a wide front porch that wraps around the corner, perfect for slow mornings and relaxing evenings under the porch lights. Major updates provide peace of mind while preserving the home's character. In 2017, the home was fully rewired, plumbing was updated, and the kitchen and both bathrooms were completely renovated. A new HVAC system with all-new ductwork was installed in 2023, and a brand-new wooden privacy fence was added in 2025. Inside, the open and spacious kitchen serves as the heart of the home, featuring a large granite island that's ideal for everyday meals, entertaining, or weekend gatherings. The layout flows easily into the living spaces, making it both functional and inviting. Out back, the fully fenced yard offers a private setting for outdoor living, with a concrete pad already in place perfect for adding a grilling area. Off-street parking adds even more convenience. All appliances remain with the home, including the gas range, refrigerator, washer, and dryer.
