Welcome to this almost new construction home in the sought after River Park Estates subdivision. Located just minutes from downtown Covington, the property offers convenient access to local shops, restaurants, and entertainment. Built in 2025 by DSLD Homes, this single owner home has been kept in excellent condition. The layout is open and inviting with plenty of natural light throughout. The heart of the home is the combined kitchen, living, and dining area, offering an easy flow for daily living and entertaining. The kitchen includes a large island, upgraded quartz countertops, stainless steel appliances, a gas range, along with plenty of storage and counter space. The large primary suite includes dual vanities, a soaking tub, a walk in shower, and an oversized walk in closet connected to the utility room. The additional bedrooms also offer generous space and large closets. The backyard is oversized, providing plenty of room to relax or entertain, and a two car garage provides additional storage and parking. River Park Estates is currently sold out until the next phase begins this summer, making this a rare opportunity to get into the neighborhood without waiting on new construction. The property is located in Flood Zone C.
