This Home was built for entertaining. It's tucked away on a street that does not get through traffic located in the neighborhood that has access to tennis courts and a community swimming pool. Timeless arches welcome you into a formal entryway and one of the largest living rooms I've seen in this price range. The kitchen is beautiful with stone countertops and solid wood cabinets. We have a walk-in utility, a split floor plan so that the main suite has privacy from the other rooms, and then we get to the back patio which is a chef's dream! Professional hood vent in boiling grilling area located inside the patio. Convenient outdoor bathroom for company.
