Stunning 4-bedroom home with a private office, upstairs bonus room, & nearly an acre-sized corner lot offering the best of both worlds! There is privacy in the back with a wooded buffer & beautiful lake views right across the street. Inside, the kitchen is truly the heart of the home, featuring a huge quartz-topped island with storage and outlets, gorgeous quartz countertops, a gas range with pot filler, walk-in butler's pantry, and custom lighted cabinetry that extends to the ceiling with glass-front upper doors. A stately beam adds warmth and defines the kitchen from the living area. The white painted brick foyer creates a grand first impression. In the living room, a wall of windows overlooks the private backyard, while a fireplace with built-ins adds charm and function. Just off the garage entry, you'll find a convenient mud area with hooks and storage near the laundry room. The spacious primary suite offers a peaceful retreat with a stunning en suite bath featuring double vanities, a sitting area, standalone tub, custom tile shower, and a massive custom closet. Outdoor living is just as impressive with a large covered patio designed for entertaining, complete with an outdoor kitchen, fireplace, and stained beadboard ceilings on both the front and back porches. This property is packed with thoughtful upgrades, including a whole-house generator and custom gutters.
