This one has that feeling the moment you pull up. Brick exterior, black shutters, manicured landscaping, and a two-car garage that tells you right away this home has been loved. Step inside and the open, airy layout delivers. Wood-look ceramic tile flows throughout, natural light pours in from every direction, and the space just breathes. The kitchen is where this home really shines featuring a large granite island with bar seating, white shaker cabinets with crown molding detail, subway tile backsplash, and pendant lighting that ties it all together beautifully. The open-concept living, dining, and kitchen area is anchored by a stunning crystal chandelier, crown molding, recessed lighting, and ceiling fans throughout. The primary suite is the retreat you have been looking for, complete with a soaker tub with subway tile surround, a separate shower, and a custom walk-in closet with built-in shelving and double hanging rods. Two additional bedrooms round out the layout perfectly for guests, kids, or a home off
