Rare opportunity to own two adjoining lots being sold together as one property: 103 Jane St. and 105 Jane St.! The combined property measures approximately 121 x 137, offering ample space and flexibility for a variety of uses. Seller is not interested in selling the lots separately. Each lot is equipped with its own electrical pole and individual sewer treatment system, creating excellent potential for expansion, additional structures, or multi-use functionality. The property features a large slab at 103 Jane St. with an awning covering the majority of the area, ideal for covered parking, storage, workspace, or outdoor gatherings. The sides and rear of the property are fenced, providing added privacy and security, while the front remains open for convenient access. This is a unique opportunity to secure a spacious double-lot setup with existing utilities already in place.
