3 Bedrooms | 2 Bathrooms | 1,521 Sqft

Don't let the label fool you...this one lives large. Set well back from the road on a sprawling, tree-lined lot, this 3-bedroom, 2-bath home offers the kind of space, privacy, and character that's genuinely hard to find at any price point. Gleaming hardwood floors run through the oversized living room, and the kitchen is a standout, full U-shaped layout, abundant solid oak cabinetry, built-in appliances, and more counter space than most site-built homes twice the price. Both bathrooms have been updated with personality to spare one features a double-vanity with granite-like countertop and walk-in shower, while the other showcases a stunning clawfoot soaking tub with hardwood floors and vaulted ceiling. Outside, a large covered porch with ceiling fan gives you a shaded spot to relax, and the hot tub stays with the property. Three additional outbuildings, including a spacious metal workshop, provide serious storage and workspace. The backyard is a private retreat framed by mature pines and hardwoods with room to roam. Whether you're looking for an affordable primary residence with real charm or a solid rental investment that tenants will love, this property delivers on both counts. The Community and Schools are highly desired! And...it's priced to move! Sold As Is
