Positioned on one of Baker's most traveled arteries, this flat, cleared site offers dual-frontage access and exceptional "burn" for any retail, professional office, or service-based venture. In a market where high-traffic hard corners are increasingly rare, this parcel stands out as a "buy and build" ready gem with the infrastructure and exposure necessary to capture the growing East Baton Rouge North submarket. Don't let a competitor secure this signaled vicinity; plant your flag where the traffic stops and your brand begins. Currently residential, but highest and best use is commercial and could be rezoned.
