3 Bedrooms | 2 Bathrooms | 1,839 Sqft

This beautifully maintained custom-built 3-bedroom, 2-bath home offers the quality, space, and thoughtful upgrades rarely found in a traditional subdivision setting. Situated on a spacious corner double lot, this property was designed to stand apart from the others with custom features and exceptional attention to detail throughout. Inside, you'll find wood-look ceramic tile flooring throughout the home, abundant storage, oversized closets, and a functional layout perfect for everyday living. The kitchen features a large walk-in pantry, while the primary suite offers double walk-in closets for added convenience and organization. The oversized insulated garage comfortably accommodates two vehicles and provides additional workspace or storage options. Outside, the detached 660-square-foot insulated shed with electricity offers endless possibilities including a workshop, hobby space, gym, or potential guest house conversion with the simple addition of water. Additional features include culverts and drainage throughout the yard, anchors already in place for a future screened-in patio addition, annually serviced HVAC system, and meticulous maintenance that truly shows in every part of the property. If you've been searching for a home with custom quality in a well established neighborhood this one deserves a closer look.
