\$230,000

3 Bedrooms | 2 Bathrooms | 1,472 Sqft

Introducing 600 Westview Drive, a home that is the first of its kind in the Houma area and a true landmark in storm-resilient construction. Fabricated entirely from stainless steel in a local shop and conservatively rated to withstand 165 mph winds, this home was built with one vision in mind: to still be standing strong 50 years from now, no matter what the Gulf throws its way. Lifted to the second story, this stunning 3-bedroom, 2.5-bathroom residence delivers peace of mind without sacrificing a single ounce of beauty or function. Step inside to an open-concept floor plan bathed in natural light, where a large modern kitchen anchors the living space and generous storage solutions are woven thoughtfully throughout. Every inch of this layout was designed to feel as good as it looks bright, airy, and effortlessly livable. Front and rear patios invite you to soak in the outdoors, while the elevated design transforms the ground level into the ultimate South Louisiana gathering spot. The covered carport below does double duty as the perfect venue for your next crawfish boil! Just add your crew, your pot, and your seasoning. This is more than a home. It's a statement that you can plant roots on this bayou, love this land, and build something that lasts.
