Stately wood beams beautifully separate the living and kitchen spaces while keeping the open-concept feel. There is also a small office nook/bonus space off the living room that works perfectly for working from home, hobbies, or extra storage. Both bathrooms have been updated with granite countertops, tiled showers, and soaking tubs. The sellers have completed extensive updates so you can move right in, including newer pool filters and chlorinator, recently resurfaced Cool Crete around the pool, May 2025 roof, new siding, and new windows. Located on a huge lot right by the park with a playground, gym, and recreation areas, this home offers both convenience and lifestyle!
