Rarely do homes like this come to market. Custom-built, exceptionally maintained, and situated on 2.64 private acres, this property offers the kind of space, privacy, and craftsmanship that is increasingly difficult to find. As you make your way down the long driveway and step through the front door, you're welcomed by beautiful brick accents, custom woodwork, and a warm, inviting living room. The fireplace serves as the focal point of the space, while the open layout seamlessly connects the living area to the kitchen and dining room. The kitchen is thoughtfully designed with a large island, corner pantry, abundant cabinetry, and recent updates that include a new oven, microwave, cooktop, and dishwasher installed in 2025. Just off the kitchen, the dining area offers stunning views of the backyard and patio. The primary suite is privately situated apart from the other bedrooms and enjoys peaceful views of the wooded backyard. The en suite bathroom features dual vanities, a fully tiled walk-in shower, a large soaking tub, and an oversized walk-in closet that truly lives up to the term "huge." Two of the additional downstairs bedrooms share a full bathroom, while a fourth downstairs bedroom features an attached half bath, making it a perfect option for a home office, playroom, guest room, or flex space.
