4 Bedrooms | 2 Bathrooms | 2,363 Sqft

Welcome to one of the most architecturally unique homes in Prairieville. Nestled on approximately 1.5 private acres with your own pond, this fully updated two story dome style property offers 4 bedrooms, 2 full bathrooms, and blends modern updates with creative, outside the box design. From the moment you walk in, the home feels bright, open, and intentionally different. Vaulted ceilings, dramatic angles, loft style spaces, and clean modern lines create a space that feels both cozy and striking. The custom staircase and elevated walkways add to the home's one of a kind character, while the thoughtfully designed layout gives the property an airy feel throughout. UPDATED The kitchen and bathrooms feature beautiful leathered granite countertops, updated cabinetry, and modern finishes throughout. Multiple lofted and tucked away spaces give the home personality while still remaining functional and comfortable. Recent improvements include a newer oversized AC unit and newer roof, offering both comfort and peace of mind. The dome style construction is not only visually impressive but also engineered for durability, with the ability to sustain winds up to approximately 150 MPH while also helping make the home extremely energy efficient. Combined with the beautifully shaded property, the home stays cool and comfortable year round. 1.5
