This two-story Bellacosa home gives you room to spread out, with a layout built for everyday living. Downstairs, vaulted ceilings open up the kitchen and living area, centered around a large granite island with white shaker cabinets, stainless appliances, and a gas range. Wood look LVP flooring runs through the main living space, which stretches long enough for a full theater-style seating setup and a dining area near the back door. Upstairs adds a bonus gameroom and a large finished storage room/office addition extra flexible space most homes this size don't offer. The primary suite includes a dual-vanity bath with a separate garden tub and walk-in shower. Other highlights: a whole-house Generac generator, a post-tension slab backed by a 10-year warranty, and a covered back patio overlooking a fenced yard with a storage shed already in place. Bellacosa is walkable neighborhood living sidewalks throughout, scattered ponds, a resort-style pool, splash pad, and picnic pavilion. You're a short drive from I-12, shopping, and Baton Rouge's restaurant scene.
