3 Bedrooms | 1 Bathroom | 1,066 Sqft

Welcome to 209 Leslie Street, a thoughtfully updated 3-bedroom, 1-bath home blending classic structure with fresh improvements. Originally built in 1970, this home has been renovated in phases, most recently from 2025-2026, offering a clean, refreshed feel throughout. The open dining and kitchen layout creates an easy flow for everyday living, complete with rebuilt cabinetry, a built-in microwave, dishwasher, pantry, and a dedicated coffee bar nook. Ceramic tile flooring runs throughout, complemented by crown molding, fresh paint, new interior doors, and custom built-ins in the primary closet. The living room is filled with natural light from oversized windows, creating a bright and welcoming space. Major updates include a 2022 roof, a 2026 water heater, and an AC system approximately 2018. Outside, you'll find a Hardy board and brick exterior, a fenced yard with gated access, single carport, and an attached exterior laundry room with workshop space for added functionality. With recent improvements already in place and room to make it your own, this is a solid opportunity to step into a refreshed home at a great value.
