A rare opportunity to own a custom-built home on over 6 acres of land, offering the perfect blend of privacy and convenience. A long circular driveway lined with majestic, mature oak and cypress trees creates a beautiful entrance, while the expansive grounds provide room to enjoy country living within the city. Inside you'll find generous living spaces designed for entertaining, including a grand living room with a wood burning fire place and wet bar, a spacious kitchen and dining area, four bedrooms, and a primary suite with a private en-suite bath. A three car garage and additional storage add to the home's functionality. This well built home offers exceptional craftsmanship, abundant space, and endless potential. While some of the interior reflects its original era, it presents a wonderful opportunity for a buyer with vision to update and personalize it into a truly spectacular estate. Properties with this much land, character, and opportunity are seldom available.
