Life is just a little easier when you have a place to enjoy outside as much as you do inside. Whether it's relaxing under the covered patio after work, grilling with friends, or spending time in the detached 16x26 garage/workshop, this home offers spaces you'll actually use every day. Inside, you'll find a comfortable 3-bedroom, 1-bath floor plan with an inside laundry room and a layout that's functional and easy to live in. The roof was replaced after Hurricane Ida, giving the next owner one less major project to think about. Conveniently located in Raceland, you're just minutes from St. Mary's, Raceland Middle and Junior High, the hospital, shopping, and Hwy 90, also an easy drive to Thibodaux and surrounding areas. If you've been looking for a well-kept home with good outdoor space, practical features, and a price that's hard to beat, this one is definitely worth adding to your list.
