Bring your Bayou dream to life! With approximately 4,000 square feet, this unique property is ready for someone with vision to take an unfinished renovation and turn it into something truly special. The home offers a blank canvas with tons of potential, featuring generous living spaces and large rooms upstairs that could be transformed into additional bedrooms, bonus rooms, an office, game room, or whatever best fits your needs. Much of the renovation remains incomplete, giving the next owner the opportunity to finish the property in their own style from the ground up. Several improvements have already been completed, including new roof shingles, new windows, and updated electrical, giving you a head start while still leaving plenty of room to make the home your own. One of the standout features is access from two roads, providing added convenience and plenty of flexibility for parking a boat, RV, trailer, or additional vehicles especially fitting for life along the bayou. Located within walking distance of Bayou Lafourche, this property offers the space, location, and character to create a one-of-a-kind South Louisiana home. This home needs significant renovation and is being sold in its current condition, but for the right buyer with a little imagination and a big vision, the possibilities are endless! 4,000 sq. ft. | Two-road access | Large rooms | Flexible
