\$279,900

3 Bedrooms | 2 Bathrooms | 1,589 Sqft

WOW! The minute you pull up to this absolutely stunning house you're in AWE! 301 Leslie combines the character of an established Denham Springs home with the confidence, comfort, finishes, and major systems of new construction. All the new exterior Hardy Siding and LOW E Vinyl Windows makes this house different, not to mention they add so much charm. A BRAND NEW ARCHITECTURAL ROOF was just put on! This is no cookie cutter house and it's close to the Antique Village with all the small town charisma. The open concept is not what you would expect but it's there and the quality of work is exceptional. The beautiful wide LVP (luxury Vinyl plank flooring) throughout the house is one of the first things you see. The open floor plan with the 10' ceilings in the living room makes it easy to enjoy family time, entertain guests or just to relax. One thing you can't miss is the completely redesigned kitchen with the new custom shaker style cabinets and slab granite countertops. The Seller has added a 5 Burner Convection Range, an upgraded hood vent and all stainless GE appliances. If you don't like to wash dishes, there's a new dishwasher with top mount controls. This house also has a walk-in pantry. There is a new laundry room and mudroom for convenience. I can't wait for you to see the oversized custom floor to ceiling tiled shower,

Sherry Stears
