Built in 2022 and tucked away on 6.45 beautifully maintained acres, this home brings together the best parts of country living with the comfort of something newer. Picture slow mornings with coffee overlooking the manicured lawn, fresh eggs from your own chickens, plenty of room for a garden, and quiet evenings with nothing but open space around you. The property already has the country charm including a metal building (20x22), shed (12x16) coop, run, and greenhouse. Plenty of room for your chickens without feeling rough or unfinished. With more than six acres, there's room to spread out, entertain, let the kids and pets roam, or simply enjoy having a little more space between you and the rest of the world. Newer home. Beautiful grounds. Chickens in the yard. 6.45 acres of breathing room. This isn't just a house in the country. It's the lifestyle people move to the country for. 3 bed 2 bath with a flex space can be used as an office, 4th bedroom, whatever your heart desires.
