4 Bedrooms | 2 Bathrooms | 1,338 Sqft

Does it have designer finishes and look like it belongs in a magazine? Absolutely not. Is it perfect? Nope. But is it a 4-bedroom, 2-bath home in Denham Springs for under \$190K that isn't located 45 minutes out in the sticks? And here's the real plot twist: it DIDN'T flood in 2016. 9500 Dabney Dr isn't trying to be the fanciest house on the block it's just sitting there offering four actual bedrooms, two bathrooms, a convenient location, and a price that's getting harder and harder to find. Could it be a really solid house for someone with realistic expectations who doesn't want a mortgage payment that ruins their life? Also yep. Come see it before somebody else realizes you don't actually need a waterfall kitchen island and a butler's pantry to survive.
