NOW ACTIVE!! Set on 2 beautiful acres beneath mature oak trees, this four-bedroom, two-bath brick home offers space, privacy and an extensive list of improvements. Updates completed in 2019 include HVAC, electrical, sheetrock, cabinetry, countertops, paint, lighting, fireplace and appliances. A new roof was installed in 2021, and the flooring was redone in 2008. The versatile floor plan includes four bedrooms, two full baths and a dedicated office area with existing plumbing that may accommodate an additional bathroom or utility space. Outdoor living is equally inviting with a screened rear porch overlooking the expansive backyard, two raised garden beds and a natural setting frequently visited by deer, wood ducks, owls, eagles and other native wildlife. Additional amenities include a true two-car garage, workshop and separate storage shed. With substantial rebuilding already completed, generous acreage and room to live, work, garden and enjoy the outdoors, this distinctive property offers a rare combination of comfort, versatility and country atmosphere all within reach of Houma conveniences.
