3 Bedrooms | 2 Bathrooms | 1,919 Sqft

Move-in ready in the heart of Denham Springs this 3-bedroom, 2-bath home has been updated top to bottom, and it shows. Wood floors run throughout the entire house no carpet anywhere. Bedrooms are spacious for your own personal retreat. The kitchen is the kind you build a house around: granite countertops, cabinet space for days, and a Frigidaire Professional 5-burner gas stainless steel range that makes cooking feel like a treat instead of a chore. Off the garage you'll find a bonus room with central heat and air flex space that works as a home gym, office, craft room, or schoolroom, whatever fits your life right now. Outside, a 12x24 workshop with electricity and air conditioning gives you a real workspace for projects, hobbies, or storage not just a shed. And the location really, really, can't be beat. You're walking distance from the popular Antique District, with shops, dining, and activities right around the corner. Two elementary/middle schools plus Denham Springs High School are all nearby too. Perfect updates, an unbeatable location, and a layout that just works. This one's ready for you to move in and make it home.
