Welcome Home Better Than New Without the New-Construction Price! Why wait for new construction when you can have a practically new home with the upgrades already done? This beautifully maintained 3-bedroom, 2-bath home offers a spacious split and open floorplan, thoughtful design, and a long list of upgrades all at an affordable price. From the moment you arrive, the welcoming curb appeal invites you inside. Step through the spacious entry, where you'll find two comfortable bedrooms and a guest bath to the left. To the right, a convenient mudroom with a built-in boot bench connects the garage to the generously sized laundry room. And here's a feature you'll love: the laundry room connects directly to the primary closet! Talk about everyday convenience. Continue into the heart of the home, where the living room, kitchen, and dining area come together in a bright, open space that's perfect for relaxing or entertaining. The kitchen is designed to be both beautiful and functional, featuring a large island with plenty of room for bar seating, a walk-in pantry, birch cabinetry, quartz countertops, an undermount sink, and Frigidaire Gallery stainless steel appliances. The spacious primary suite offers a relaxing retreat with double vanities, a soaking tub, separate shower, and private water closet. And the upgrades? They're everywhere. Luxury
