Step into this beauty and call it home! This traditional-style home is immaculate inside and out, with a 5-year-old roof and HVAC system. The gutters are brand new, and the newer laminate floors are Pergo Outlast, perfect for heavy traffic and pets. The kitchen has gorgeous granite and upgraded appliances, including the washer and dryer, which remain. The split floor plan is a great layout with walk-in closets in each bedroom, and the primary suite has a generous bathroom with a soaking tub and plenty of storage. Outside, you'll find a huge covered patio adjacent to an open patio. A whole-house generator has its own propane tank, an additional gravel driveway to access the backyard, a fire pit, and a 10x20 workshop/shed are some of the amazing extras you'll enjoy when you make this one yours!
