This magic moment brought to you by this custom home. Located on a completely fenced corner lot, with double side gates for easy access, this fantastically sized back yard has all the space for anything you are dreaming. The expert landscaping, with watering system, is stunning and wraps the home. Walk into these custom front double doors between copper lanterns, and enter a modern living room with floods of natural lighting. Spacious kitchen with cove crown molding, and solid wood cabinets that stretch to the 12 foot ceilings. Take your time discovering all of the sweet surprises this home has to offer like this fantastic pantry, coffee bar, reading nook, on demand generator, and spacious dining area. Main suite is luxurious, naturally lit, and overlooks the back yard where your blank canvas awaits. The walk in closet is to die for, and of course....his and her closets. The his closet has a special feature that requires an showing to get to view. Ensuite bath is stunning with a stand alone tub, one of a kind custom shower, and double sinks. One of my favorite features here, ALL bedrooms have an ensuite bathroom and storage for days.. Along with all of bedrooms, you will also find a sweet office, and a landing area upstairs that could be perfect for gaming teenagers. Don't overlook the downstairs complete bathroom located off of the garage..made
