Welcome to this stunning single-story home with timeless curb appeal, set on a serene lake in a sought-after Preserve at Harveston. A covered front porch with painted brick columns, a copper gas lantern, and a black-framed glass entry door make a beautiful first impression. Inside, the open floor plan is made for entertaining. The chef's kitchen features a large quartzite island with a farmhouse sink, brass hardware, a gas cooktop, a pot filler, and a sculpted custom hood. Glass-front cabinets and under-cabinet lighting complete the look. A built-in bar nook with blue cabinetry, wine storage, and a mosaic tile backsplash adds a showpiece for hosting. The kitchen opens to the living room with a painted brick fireplace and to a dining area with a vaulted ceiling and exposed wood beams. Walls of windows and oversized sliding doors flood the home with natural light and frame water views from nearly every room. The primary suite is a true retreat. It has a paneled accent wall, wide-plank hardwood floors, and a sunny sitting area overlooking the lake. The spa-inspired bath features a freestanding soaking tub, a dramatic glass tile accent wall, a double vanity with custom maple cabinetry and matte black fixtures, and a reclaimed-wood double-door linen closet. A walk-in closet is just steps away. The outdoor living space is the heart of this home. The
